

Air Freight

Laparkan Trading Limited (Laparkan) employs over 400 persons in its freight network that spans across the Caribbean, Latin America and North America. Laparkan Airways Inc. is an IATA certified cargo carrier (LE) and US DOT registered all-cargo carrier that offers twice weekly scheduled service to POS/GEO/PBM and BGI, using wide bodied Boeing 767-200F freighters. Charters requests are always welcomed.

Whether it is a small package or a full charter load, Laparkan is the right choice. Our dedicated customer service agents and strategic locations in Miami, New York, Toronto and the Caribbean ensure your cargo is delivered at the right time, to the right consignee, at the right place and in perfect condition.

Laparkan Airways offers customers regular, reliable flights between North America and the Caribbean. We handle everything from perishables and personal effects, to industrial equipment. If dimensions are extraordinary or the type or size of a consignment is unusual, Laparkan's air freight specialists will roll up their sleeves and work out the best possible solution.

Additionally, you can choose from a range of complementary service: Laparkan Courier, Airport-to-Airport, Laparkan Door-to-Door service or our Private Mail Box service. Harmonizing your special handling requirements with the crucial factors of rapid transit time and bottom-line costs, Laparkan has the customer's best interests at heart.

Laparkan Courier service is the ideal and economically sensible answer for fast, direct delivery of packages. The simple, attractive, all-in-one rate structure from door-to-door reflects actual markets needs, and so does the easy to understand system.

Laparkan's Airport-to-Airport service gives immediate access to freight. Here again Laparkan has what it takes - easily understood, simple conditions and a healthy price/service relationship.
